

## RAI FEE EXEMPTION 2024

The 2024 Budget Law has provided for a reduction in the Rai license fee to be paid in the bill, dropping the amount from 90 to 70 euros. Not everyone, however, is obliged to pay, as there are various exemptions provided.

### WHO IS DUE TO PAYMENT?

The tax is payable by all people who own a television or a device capable of receiving the television signal at home, even if it is not used.

### WHO IS EXEMPT?

All people who declare that they do not own a television are exempt from payment. The exemption, then, also belongs to.

- foreign diplomats and soldiers;
- over seventy-five with low income (income not exceeding 8,000 euros - also considering the sums received by any spouse);
- not living with other people with their own income, their spouse included (with the exception of domestic workers, housekeepers and carers).

For the purposes of exemption from the payment of the Rai license fee, it is necessary to take into account the date of your 75th birthday:

- annual exemption for those who will be 75 by 31 January 2024;
- exemption for the second semester for those who will be 75 by 31 July 2024;
- annual exemption from 2025 for those who will be 75 after 31 July 2024.

Those who have already sent the application will not have to send it again. The forms to be used are available on the Revenue Agency website.

### EXEMPTION FROM THE RAI FEE FOR THOSE WHO DO NOT OWN A TV.

Anyone who does not have a television set at home and, therefore, does not use its service can submit a request for cancellation, even if they are the holder of electricity utilities for residential domestic use. Also in this case it will be necessary to submit the application to the Revenue Agency, by using the "declaration of non-possession of television set" form available on the institutional website.

To benefit from the exemption valid for the whole year, the form must be sent by the deadline of 31 January 2024.

With the application submitted by 30 June 2024, however, the exemption is only valid for the second semester. The request sent after this date will give the right to exemption starting from 2025.

The declaration of non-possession of the device must be submitted every year. It must be sent directly by the person to whom the electricity user is registered. It is possible to do so online from the Agency's website, by contacting authorized intermediaries, sending a certified email to the following address "cp22.canonetv@postacertificata.rai.it" or by a registered letter to the following address – "Agenzia delle entrate – Direzione Provinciale I di Torino – Ufficio Canone TV – Casella postale 22 - 10121 Torino".
