

Digital tickets for regional trains Trenitalia: on September 21st no longer check in

Starting from September 21st, the check in for digital tickets for Trenitalia regional trains is no longer mandatory. Ticket validation occurs automatically at the scheduled departure of the chosen train.

It will be possible to make an unlimited number of date and time changes until 11:59 pm on the day before departure. While the time can be changed an unlimited number of times, up to one minute before the train's departure.

The paper ticket is still available and needs to be validated at the station.

Digital tickets can be purchased on the Trenitalia App, on the Trenitalia website, at authorized travel agencies and on the Trenitalia Tper website.

Please note that the purchase of the Regional Digital Ticket can be made up to 5 minutes before the scheduled departure of the train.
